Gentlemen,

As coordinator of the Autoplex Automotive LP United Way campaign, I'd like to personally thank you for donating the dinner certificates to Marty's and Scratch Cookin' for our annual raffle to benefit the United Way. With local community support like yours, this year's campaign was a tremendous success. We appreciate your help.

Thank you.

Sincerely,

Dear Mr. Lee:

I want to sincerely thank you for your kind donation to support our Pathways to Hope Luncheon. Your sponsoring support of \$1,000.00 in TV promotion will greatly help our cause to raise money and awareness of our services in the community. The purpose of this fundraiser is to recognize October as Family Violence Awareness Month. Family Support Services is committed to our motto: *Strengthening Today's Families*. We offer many valuable services for individuals, families, and children in the Amarillo area including: Center City Child Care, Counseling, Rape Crisis/Domestic Violence Services, and Education and Prevention.

Without the generosity of businesses, individuals, and organizations such as yours, many of our services would not be possible. We are anticipating a wonderfully successful event, and we hope that you and your guests from KFDA will enjoy the dynamic speakers and festivities involved with the luncheon. Again, Mr. Lee, thank you for your efforts in helping us combat Domestic Violence.

Sincerely,

Roy Bowen

Dear Mike,

Even though its been a few weeks since Telethon 2002, everyday something happens to remind me what a wonderful experience it was working with the staff of KFDA. John Harris and Kari King are terrific emcees, and are so sincerely sympathetic to MDA's mission that audience members across the NewsChannel 10 viewing area were moved to make more pledges this year than ever before.

Every KFDA staff member working on the Telethon that weekend went above and beyond the call of duty. Not only were they extremely professional and did a superb job, they endeavored to accommodate the needs of our MDA staff in every way they could. Most importantly though, they went out of their way to welcome and make feel comfortable MDA's sponsors, volunteers, and especially our clients. I've heard many compliments regarding KFDA's staff from those that participated in this years Telethon.

I would also like to take this opportunity to commend Tim Cato. Tim makes the whole process of producing the Telethon look simple. But it is very evident that it looks simple only because of his knowledge, experience, and attention to detail. That is one of the reasons why the MDA Telethon in Amarillo went so smoothly and looked so well orchestrated.

Working with the KFDA staff throughout the year is truly rewarding and a great pleasure. I look forward to our continuing relationship, and the work we will do in the future together.

In closing, saying thank you is not only appropriate but not quite enough. So I'd also like to say, Bravo! and a job well done!

Sincerely,

Dear Ms. Austin,

Thank you for your generous donation of the Richard Petty Driving Voucher valued at \$300.00 for *Stayin' Alive Heartball* to benefit the American Heart Association. The Ball is scheduled for April 12, 2002 and the Auction is a crucial part of this fundraising event. We appreciate your support in helping the Panhandle Region raise funds to prevent death and disability due to cardiovascular disease.

Stayin' Alive Heartball is the largest fundraising event the American Heart Association, Amarillo/Canyon Division, conducts each year. Approximately 1000 people attend this event. We have seen steady growth in attendance and dollars raised, thanks to the strong support from people in our community like you. Last year, the Ball raised over \$139,000 to be used in the fight against heart disease and stroke.

This letter serves as your receipt for IRS purpose. You have received no goods or services in return for your donation. Our Federal Tax ID number is: 13 56 13797.

Mr. Ibanez,

On behalf of State Farm Insurance Companies, I would like to thank you for the opportunity to participate in the festivities for the "Cinco de Mayo" celebration. I apologize for not being able to attend, but I did have other commitments for that weekend. I hope all went well. The representatives from our company indicated that it was fun and enjoyed themselves, especially interacting with the children.

State Farm Insurance Companies does participate in many activities for our community. Just a few examples include the Evelyn Rivers Foundation, raising money for MS and The Susan Komen Race for the Cure, which is to raise money and awareness for breast cancer. Many of our employees are also active participants of the Amarillo Independent School District's HOST program. In the HOST program, volunteers work on a weekly basis with individual students who are behind in basic reading and math skills.

We are looking for ways to promote ethnic diversity and celebrate the different cultures that make up the communities of the Texas Panhandle. Please do not hesitate to contact me or my co-worker, Brian Wilson, if there are other special events or activities in which we can be of assistance. Thank you again for your cooperation and I look forward to working with you in the future.

Dear Mr. Lee,

On behalf of the Amarillo Postal Service, I want to thank you and your staff for the cooperation and support given to us in the recent mailbox attacks. I witnessed unparalleled professionalism in the face of very difficult and trying times when information and events were constantly changing. I so very much appreciate the understanding and patience displayed by your staff and their genuine concern for the safety and well being of all citizens and employees of the Postal Service.

In the midst of the uncertainty, I was reminded of a quote by William Matthews that says, "The crown of all faculties is common sense. It is not enough to do the right thing, it must be done at the right time and place. Talent knows what to do; tact knows when and how to do it." Your staff certainly handled this delicate situation with outstanding talent and diplomacy.

Indeed, united we stand against all enemies, foreign and domestic, in the protection of our precious freedom. Once again, thank you for your invaluable contribution to the Amarillo community and our nation in helping to end senseless acts of violence and preserving the peace we all so deeply enjoy.

Dear Mr. Gonzalez,

I would like to take this opportunity to sincerely thank you and your business for the donations that have contributed to the LULAC Scholarship Fund. Because of your significant contribution I have received a scholarship that will allow me to continue my education.

Since I was a child my parents have never failed to impress upon me the importance of college. Their difficult experiences have been enough to prompt me to excel in everything I attempt. It is my belief that in being given the opportunity to attend college without the added stress of financial worries, I will be able to attain my goals of majoring in both music and biology.

I am honestly looking forward to the college experience and I hope that you fully understand the feelings of gratitude that I have towards your company and the LULAC Foundation. Without your overwhelming support I would not be attending the college of my choice with nearly as much enthusiasm as I have now.

I hope I have given you a small idea of how truly thankful I am for your contribution to my future, and I hope that what you have done for me does not go unnoticed by those that could possibly contribute to *your* future.

Sincerely,

The Honorable Mac Thornberry (R-Tex., 13th)

Dear Representative Thornberry:

The Advertising Council, the nation's largest provider of public service advertisements (PSAs), is pleased to inform you of the impressive support our PSAs have received from KFDA in Amarillo, TX.

In 2001, this television station donated a total of 419 spots of valuable airtime towards Ad Council PSAs. This contribution enabled the Ad Council to communicate public service messages that help improve society and save lives.

The Ad Council's relationship with the media is a long and powerful one. Since our founding in 1942 by President Franklin Roosevelt, the Ad Council has successfully utilized the pro bono resources of the media and advertising industries to promote PSAs such as "Friends Don't Let Friends Drive Drunk," and "A Mind Is A Terrible Thing To Waste." These messages, as well as others ranging from protecting the environment to education and drug prevention are communicated to the American people through approximately \$1.6 billion in donated media time each year.

Following the tragedy of September 11, the Ad Council found itself back on its wartime footing and immediately assumed the responsibility to create PSAs to help the country heal and remain strong. It is because of the generosity of the media, and stations like KFDA, that the Ad Council has been able to communicate these critical messages to the public, including the "I am an American" PSA, which celebrates this country's extraordinary diversity.

Marking its 60th anniversary of developing PSAs for generations of Americans, the Ad Council continues to use the power and the generosity of the media to create positive and lasting social change in America. Please join us in commending KFDA for using its spectrum to improve the lives of people in their community.

Sincerely,

Dear Mr Lee:

For decades, broadcasters like KFDA have been supporting the important work of hundreds of non-profit and government organizations through The Advertising Council. However, too often there is not enough recognition of the remarkable contribution you make to your community. We would like to do our part to shed some light on your generosity.

Enclosed please find a copy of a letter we have forwarded to your congressional representative highlighting your public service contributions in support of Ad Council campaigns in calendar year 2001. This data is obtained from Nielsen's SIGMA reports.

Because of you and your colleagues in the media, over 300,000 deserving students graduated from college through the "A Mind Is A Terrible Thing To Waste" campaign, and countless lives have been saved through campaigns such as "Friends Don't Let Friends Drive Drunk," "Buckle Up. Always." and many more. Whether the PSA is encouraging people to take an active role in crime prevention or to get screened for colon cancer, your support of our messages is making a difference.

Following the tragedy of September 11, your contribution enabled the Ad Council to communicate critical messages to the American people to help the country heal and remain strong. From our earliest PSAs about mental health, tolerance, and highlighting this county's extraordinary diversity with "I am an American," to our continuing efforts to motivate people to get involved in their communities, your support has been vital.

For 60 years, the Ad Council's mission has been to use the power of the media to change attitudes and behaviors in order to create positive social change. We have enjoyed a close partnership with you and could not have communicated our important, often life-saving, messages to the American people without your unrelenting support.

Thank you for doing your part to make this country a stronger and safer place.

Dear Mike:

I just wanted to touch base with you briefly regarding the Buy At Home campaign.

First, thank you for participating in such a positive manner and helping our market area cope with the aftermath of Sept. 11th events which so severely jarred our confidence as a nation.

We all know that when confidence suffers, buying decisions are affected. When buying decisions are affected, advertising expenditures usually suffer, and they have. Advertising Age, in its current issue, notes that U.S. advertising expenditures in 2001 experienced the worst one-year decline since 1938.

I have been very proud to be a part of the Amarillo media group which came together in a very positive and non-self-serving manner for the last several months.

I believe our Buy At Home campaign has had an extremely positive impact on this region. It certainly demonstrated the power of the media to affect consumer thinking and issues. It certainly made a positive impression on the business community in Amarillo and surrounding towns.

As I understand it, the last of six TV spots -- produced by NBC 4 -- currently is running and will reach the end of its schedule soon.

Secondly, I would recommend now that we wind down this campaign and move on to other things. I almost feel like to continue might actually remind people more of Sept. 11 than we'd like, particularly since most folks are doing a good job of putting that event behind them.

Thank you again for participating in this unique program. It has been gratifying to see all of us who compete for advertising dollars and news unite on behalf of a higher cause. In effect, this campaign provided us a unique way of serving our market and gave us something that we could do.

And we did a very good job of executing the campaign.

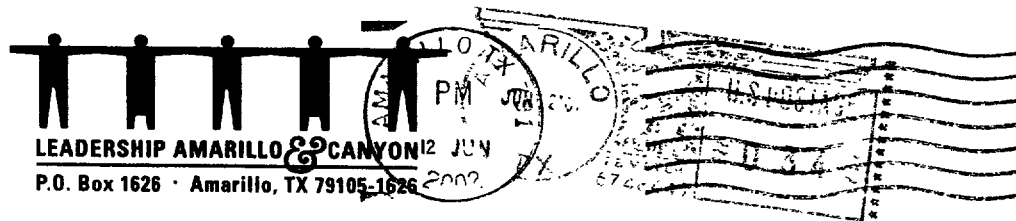

Sincerely,
